Weather Conditions Past Week in Territory Were Favorable.

Santa Fe, N. M., July 24.—The weather bureau has issued the following weekly report:

The weather of the past week was characterized by normal temperature, with partly cloudy afternoons and nights and frequent local thunderstorms. On the whole the most favorable weather conditions prevailed over the territory in general, although there are some localities, particularly in the west and the extreme southwest, where the showers were very light and insufficient. Over the mountains and the central plains the showers were more frequent than elsewhere, and in several localities amounted to more than an inch of rainfall in 24 hours. Reports indicate that the serious drouth in the extreme northeast has been thoroughly relieved. The rainfall was much less, comparatively, throughout the southern grazing counties, but there is no complaint of drouth except in a few scattered localities of this section. In general the flow of streams and rivers has decreased considerably, but the supply of irrigation water appears to be normal for the season.

The following notes, selected from the reports received this week, will give the conditions more in detail:

Albert, Union Co.—H. M. Hanson—The rainfall is still insufficient for the needs of vegetation. Showers have occurred nearly every afternoon in this vicinity but the amount of rain is small and the distribution was very irregular. The highest temperature was 96 on the 15th; lowest, 59 on the 15th; rainfall, 0.86 inch.

Albuquerque, Bernalillo Co.—Pitt Ross—The days have been warm, with partly cloudy afternoons, especially toward the close of the week. There was a trace of rain on the 15th, with good showers off to the south; another shower on the 15th, with apparently good showers to the east and south. A good rain began Sunday (21st) evening, and continues at the time of this report. Total rain to 7 p. m. Sunday, 0.24 inch.

Bloomfield, San Juan Co.—Fred LeClerc—The weather was cloudy and threatening, with light showers, during the first of the week; during the latter part the days have been clear, with cool nights. The river is falling. The highest temperature was 95; lowest, 45; rain, 0.12 inch.

Cambrey, Luna Co.—F. S. Chase—The weather has been rather cloudy, with several good showers. The highest temperature was 98; lowest, 64; rain, 0.49 inch.

Carlsbad, Eddy Co.—Raymond DePue—There have been three partly cloudy days during the week, with three good showers amounting to 1.08 inches of rain. The highest temperature was 100 on the 15th; lowest, 59.

Casa Salazar, Sandoval Co.—Isidoro Mora—The weather has been very warm and dry during the week.

Chama, Rio Arriba Co.—Geo. Huth—The weather has been partly cloudy, with several good showers. The highest temperature was 91; lowest, 49; rain, 0.79 inch.

Cloudcroft, Otero Co.—Jack Holm—The weather has been very pleasant, with even temperature and heavy showers. The highest temperature was 73; lowest, 42; rain, 2.27 inches.

Dulce, Rio Arriba Co.—F. E. James—Partly cloudy weather has prevailed during the week, with two good showers. The highest temperature was 99 on the 15th; lowest, 58 on the 15th; rainfall, 0.62 inch.

Elizabethtown, Colfax Co.—J. E. Carrington—The weather has been warm and dry, and rain is badly needed. The highest temperature was 80; lowest, 28.

El Paso, Texas—U. S. Weather Bureau—The days have been cooler, and partly cloudy with several light showers. The highest temperature was 93; lowest, 67; rain, 0.13 inch.

Espanola, Rio Arriba Co.—Frank D. McBride—Cooler and partly cloudy weather has prevailed with three good showers. The highest temperature was 90; lowest, 47; rain, 0.85 inch.

Folsom, Union Co.—Jackson Tabor—Another week of warm, equable temperature, with a heavy thunderstorm during the night of the 16th that brought 1.80 inches of rain. It somewhat flooded the town but no particular damage resulted. The rain appears to have been general, and will be of the greatest benefit. The highest temperature was 85; lowest, 48; rain, 1.80 inches.

Fort Payard, Grant Co.—Surgeon in Charge—The weather has been partly cloudy, with almost daily showers. The highest temperature was 92; lowest, 59; rain, 0.45 inch.

Fort Stanton, Lincoln Co.—J. E. Bergman—The weather has been partly cloudy, with light showers. The highest temperature was 92; lowest, 64; rain, 0.2 inch.

Fort Wingate, McKinley Co.—Post Surgeon—The weather has been generally clear, with light showers on the 19th and 20th. The highest temperature was 86; lowest, 54; rain, 0.30 inch.

Frisco, Socorro Co.—J. R. Milligan—The weather has been cloudy with light rains, but entirely insufficient for the needs of vegetation. The highest temperature was 86; lowest, 51; rain, 0.48 inch.

Gage, Luna Co.—E. J. Tilley—The weather has been partly cloudy and pleasant, with no rain. The highest temperature was 101; lowest, 61.

Glenn, Chaves Co.—Mary M. Cooley—The weather has been partly cloudy, with good showers. The highest temperature was 97; lowest, 63; rain, 1.36 inches.

Grange, Sierra Co.—Wm. P. Kell—The weather has been partly cloudy during the week, with several light showers. The total rain was 0.18 inch.

Las Vegas, San Miguel Co.—Dr. William Curtis Bailey—There have been heavy showers in the nearby mountains during the past week, and 2.94 inches in the valley, supplying all needs of moisture. The days have been delightfully cool. The highest temperature was 91; lowest, 46.

Monument, Eddy Co.—J. M. Cook—The days have been partly cloudy, with an inch of rain on the 16th.

Mountainair, Torrance Co.—Mrs. J. W. Corbett—There have been two good showers during the week, and the days have been partly cloudy. The highest temperature was 91; lowest, 51; rain, 0.37 inch.

Rincon, Dona Ana Co.—W. A. Foote—The days have been partly cloudy and cooler, with several very light showers. The highest temperature was 97; lowest, 65; rain, 0.50 inch.

Rosada, San Miguel Co.—John A. Rudolph—The warm, showery weather during the past week has been very favorable to vegetation. The highest temperature was 81; lowest, 49; rain, 0.50 inch.

Rosedale, Socorro Co.—W. H. Martin—Cooler, partly cloudy weather has prevailed, with almost daily showers, but amounting to very little rainfall. The highest temperature was 86; lowest, 54; rain, 0.03 inch.

Santa Fe, Santa Fe Co.—U. S. Weather Bureau—The weather has been very pleasant, with cloudless mornings but almost daily afternoon thunder showers. The total rainfall was light, amounting to 0.11 inch, but in the nearby mountains the rains were apparently much heavier. On the whole the weather was very favorable. The highest temperature was 84 on the 19th; lowest, 50 on the 16th.

Watrous, Mora Co.—M. C. Needham—The weather conditions have been most favorable during the past week, with heavy local showers and warm days. The highest temperature was 86; lowest, 46; rain, 1.63 inch.

Territorial Topics

Estancia is making big preparations for her fair from Oct. 1 to 4.

There will be a big picnic at Manzano, N. M., Saturday and Sunday of this week.
